CPRE Oxfordshire are highly supporting of the Local Green Space designations, to allow local communities to protect green space which they value.

However, CPRE feedback from members is that this is a difficult, complex process , with little support given to some small communities who have worked tirelessly and collaboratively to maintain and improve their cherished Local Green Spaces and had their applications refused.

At the Reg 18 stage CPRE registered our disappointment that only 3 LGS had been approved. At this stage we suggested that there was a serious failure in the process and that more needed to be done to raise awareness of this opportunity and to help communities understand what evidence is required to make a successful site nomination. CPRE Oxfordshire offered to work with Cherwell District Council to discuss possible collaboration on this issue, but this was not taken up.

CPRE welcome the increase at this Reg 19 stage to 17 locations. However, we flag up that of these 17, 15 are in Bicester. Our member feedback is that Local Green Spaces in Bicester have had greater support from their local councillor to reach a successful outcome than in other areas. Whilst CPRE are supportive of all these LGS, we would like to see others being included.

We question:

Why have 3 allotment sites in Bicester been approved , whilst no other allotments have been included ? Allotments throughout the district are a valuable Local Green Space for their communities.

**5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound. Please provide any suggested wording or re-wording you consider necessary.**

CPRE Oxfordshire would like to see all allotment sites throughout the district identified as a Local Green Space.

We , again, offer to work collaboratively with the council if this is helpful, to facilitate this with local parishes, who have responsibility for allotments.

**6. If you are seeking a change to the Plan, do you wish to express an interest to participate in the Examination?**

**I wish to participate at the oral examination**

**YES** (pleas (Continue on separate sheet if necessary)

**7. If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary:**

CPRE Oxfordshire have within our organisation experts across all fields in countryside protection and close connections to parish councils to facilitate and help to identify allotment Local green Spaces if of assistance to the council. We have responded with several Part B forms in this area and consider we are best placed to voice areas of concern in relation to this top consultee priority.

**(Continue on separate sheet if necessary)**

**Please note:** *the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the Examination.*
