CPRE Oxfordshire seeks a review of the Settlement Hierarchy analysis to correct errors and, where appropriate, reclassify settlements accordingly.

CPRE Oxfordshire fully support and endorse the Part B form on this topic submitted by Stephen Bowen, Assistant Clerk Planning, The Bourtons Parish Council

Bourtons has been scored for 2 pubs which it no longer has and a bus service which it also does not have. Bourtons has also been aligned with Banbury instead of Cropredy. It has always been aligned with Cropredy on every planning application and every officer's decision. It is inconceivable that residents can walk to Banbury via the A423 where there is no footway until you get to Little Bourton, and cycling would also not be an option for the vast majority, with perhaps just some highly experienced cyclists attempting this.

Wardington has scored a point for having a dentist which it doesn't have.

CPRE challenges the classification criteria that has been introduced into reg 19 for category B villages.

One of the overriding aims of the Local Plan is to reduce travel by private car.

Therefore, for the purposes of the Local Plan geographical closeness should be defined as being within **acceptable cycling and walking distance to a local town with a good range of facilities and services and with acceptable access to public transport.**

CPRE Oxfordshire cannot see any justification for amending the existing criteria as defined by the existing Local Plan which is.

- Population size
- The number and range of services
- Issues within the village which would justify an increase in housing.
- Accessibility of the village to an urban area by private car and public transport
- Accessibility of the village in terms of walking and cycling
- Local employment opportunities

(Continue on separate sheet if necessary)

5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound. Please provide any suggested wording or re-wording you consider necessary.

As a minimum, errors on the existing Settlement Hierarchy analysis should be rectified and, where appropriate, settlements reclassified accordingly.

CPRE Oxfordshire cannot see any justification for amending the existing criteria as defined by the existing Local Plan which is.

- Population size
- The number and range of services
- Issues within the village which would justify an increase in housing.
- Accessibility of the village to an urban area by private car and public transport
- Accessibility of the village in terms of walking and cycling
- Local employment opportunities

We seek a review of the Settlement classifications in line with these criteria.

6. If you are seeking a change to the Plan, do you wish to express an interest to participate in the Examination?

I wish to participate at the oral examination

YES (please delete)

7. If you wish to participate at the oral part of the Examination, please outline why you consider this to be necessary:

CPRE Oxfordshire are able to assist with local knowledge to support our request for a review of the Settlement Hierarchy.

(Continue on separate sheet if necessary)

Please note: *the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the Examination.*
